

CALPHAD GLOBAL

First Announcement

June 2021

We are pleased to announce that the first CALPHAD GLOBAL conference will take place online in June 2021. Unlike all the previous 1-week conference, we will have the whole of June for the CALPHAD conference this year. Two main activities will be arranged:

1. Each week, we will select one day for the talks from plenary speakers and considering the global time difference.
2. Poster session for young CALPHADIANS will be held only for the posters with the top 10 votings.

Also, young CALPHADIANS are encouraged to submit abstracts for their posters with the topics below:

Ab-initio (first principles) Predictions
Thermodynamic Modeling
CALPHAD Assessments and Database Development
Modeling of Diffusion and Phase Transformations
Software Development
Experimental Phase Equilibria, Thermodynamics and Kinetics
CALPHAD Applications in Materials Design, Advanced Manufacturing, Recycling, Disposal, ...
CALPHAD Applications in industrial processes (energy production, joining and soldering, ...)
CALPHAD Applications in Chemistry, Physics, Geology, Biology, ...

Important dates:

March 18, 2021	First announcement
March 31, 2021	Second announcement and opening registration
April 20, 2021	Third announcement
April 30, 2021	Last day for poster abstract and video submission
May 15, 2021	Last day to register

Registration fee:

Free

Organizing Committee: Yu Zhong
Wei Xiong, Scott McCormack, Richard Otis
